

# RegiNor.event

from signup to showtime

RegiNor.event is a lightweight platform for managing registrations, memberships, payments and on-site check-in – built for organizations running recurring events and communities.

## ***What it solves***

Operational complexity. Disconnected systems. Manual check-in. RegiNor replaces chaos with clarity.

## ***Core features***

- Event and course registrations
- Membership-based pricing and access
- Secure payments
- Fast QR-based check-in

## ***Who it's for***

Non-profits, cultural organizations, dance schools and membership-based communities.

*Developed and operated by SalsaNor – built from real-world experience.*
